## **Experience**

### **Kuhlman Companies**

**Summer 2011**

I gave an old company hope for new business by creating an internet presence, dusting off old equipment, and securing clients through new media approaches.

### **Entropy**

**Summer 2011**

I worked collaboratively with engineering and other art students creating an exhibit that illustrates Entropy. I captured original images and used Adobe Photoshop to create skins for a model city that was part of the exhibit. I also contributed to group brainstorm and work sessions.

### **Robert R. Gigliotti - Assistant**

**Summer 2006 - Present**

I assisted in studio, on site, and at the office. At the office I edited photographs for printing, designed business cards, brochures, and flyers. I also managed client contact sheets and reached out to potential clients via e-mail and telephone. Currently I am Robert's freelance designer, taking on projects as they come.
